THE SITUATION OF THE RESISTANCE FORCES (FALINTIL) FROM SEPTEMBER 1990 TO JANUARY 1991.-

---

In the begining of September 1990 the indonesian troops realized a large operation against the resistance forces (Falintil) in the suburbs of Ainaro and Same district, with a total of troops arround 13 battalion such as 741,743,744, 745, Marina forces, Air Forces and Indonesian Army Commandos(Red barret).
In this operation the indonesian troops, used tanks,helecopters,fighter planes and mordern wepons. The main plane of the indonesian troops is to sweep up the Resistance forces and to capture the Resistance Leader Commander Xanana Gusmão .
Because of the high number of the indonesian troops, the Resistance Forces have to move to onother hidden place. However, some of the guerrillas fighter were dead, killing by indonesian troops.
On 10 October 1990, at 10.00 o'clock am, the indonesian troops found the Falintil camp, where they bring from there somee materials such as: one Video Recorder, one type writter, two Fretilin Flags, clothes and food.
On 14 October 1990, at the same hours they found a document keeper full of the documents, some Photographs of the population of the two villages(SORO and SURU KRAIK) which has been contacted with the resistance months before.
The operation does not stopped yet until now. Most of the Indonesian troops are concentrated in SORO,SURU KRAIK and MAMALAU (Ainaro).

THE SITUATION OF THE POPULATION OF SORO AND SURU KRAIK

From October1990 when the indonesian troops found their photographs in the camp of the Resistance Forces (Falintil), every people who took part at the comemoration Party 20 Agust 1990 in the bush, were arrested and took to the "KODIM" District military command in Ainaro to be investigated, tortured and electric shocke. Untill now there are 41 people that were arrested. One of them named ARMANDO was beaten black and Blue. After a few days of enquiry and tortnre, the indonesian troops sent them back home. But they are ogliged to show up " APEL" every week at the District military command, in Ainaro. Because of that the population could not move to anywhere freely. If somone want to go to the village or to Dili to visit his family, he or she has to ask permission to Kepala Desa(the chief of the village and to "Babinsa" the military representant in the village. Sometimes they allowed the population to go to Dili but just for two or three days long. Sometimes they are not allowed.

It is a petty to see people wiht whiout liberation to look for food, medecin and anything else for their survival.

In this operation there are :

one of them named Alex (Lian) with a G3 Portuguese gun.
